

THANK YOU FRONTLINE WORKERS!

Hello Fairfax iNOVA Team!

We hope this letter and these meal donations find you in good health! The community sincerely appreciates your hard work and are forever grateful for the dangerous work you perform. Our simple wish is to ease the burden of three meals a day on some of our local health workers while simultaneously benefiting the countless small restaurant businesses in need. In these trying times, we hope our meal donations bring you a smile today.

Special thanks to Illumony, a group of high school students who are tirelessly tutoring those in need and gathering funds to make this happen.

Warmly,

Victoria Li
